Bank deposits - print out?

Escrito por HarryJenkins - 31/05/2018 10:33

_____

HI,

I am wondering if it is possible to get a print out of the bank deposit?How can I go back in FA to see the list of bank deposits and be abel to look at them?Also, if there is a print out, will it list the company who wrote the check? As the checks are listed, it only the GL account, the amount and the dimension, but how will one know which customer write the check?

Any help will be apprecited.

I didn't find the right solution from the Internet.
